

Abhay Ranjan

Java Backend Developer | MERN Stack Developer | Problem Solver

+91 8294986686 | abhayranjan404@gmail.com | LinkedIn | GitHub | LeetCode

Professional Summary

Computer Science undergraduate with a strong interest in backend development, data structures and algorithms, and scalable web applications. Experienced with Java, JavaScript, Node.js, Express.js, React.js, Spring Framework, MongoDB, and MySQL. Quick learner with strong analytical thinking, problem-solving ability, and experience working in collaborative environments through hackathons, projects, and student leadership.

Education

Maharishi Markandeshwar (Deemed to be University)

B.Tech in Computer Science & Engineering (2023–2027)

CGPA: 8.6/10

Experience

Student Coordinator – Alpha Intern, MMDU

Coordinated campus events, managed volunteers, collaborated across teams, and developed leadership, communication, and organizational skills.

Projects

NutriScan – AI Powered Food Ingredient Analysis System

- Built a full-stack web application using React, Node.js, Express.js and MongoDB.
- Integrated OCR to extract ingredients from food labels.
- Designed backend APIs and database for ingredient classification and health analysis.

Technical Skills

Languages: Java, JavaScript, Dart

Frameworks: React.js, Node.js, Express.js, Spring Framework

Databases: MongoDB, MySQL

Core CS: DSA, OOP, DBMS, Operating Systems, Computer Networks

Tools: Git, GitHub, VS Code

Certifications & Achievements

- Principles of Generative AI Certification (2025)
- Frontend Web Developer Certification – Infosys Springboard (2025)
- Finalist – Internal Smart India Hackathon 2025
- Participant – Hackureka Hackathon (GDSC)
